

This is a list of the specialty medications included in the pharmacy plan's copay assistance service as of July 1, 2025.¹

Some of these medications need approval (prior authorization) from Cigna Healthcare® before your plan will cover them.

- **If you use this service, you'll pay as little as \$0 to fill the medication.** You'll need to complete the manufacturer copay assistance program's enrollment process and let SaveOnSP review your specialty medication claims on an ongoing basis.²
- **If you choose not to use this service** (or not let SaveOnSP review your claims), you'll pay a 30% coinsurance to fill the medication (unless noted otherwise).
